Supporter Engagement Volunteer (Remote)

About PIH Canada

Partners In Health (PIH) is a global health organization relentlessly committed to improving the health of the poor and marginalized. PIH partners with local governments to build capacity and works closely with impoverished communities to deliver high-quality health care, address the root causes of illness, train providers, advance research, and advocate for global policy change. In a world too willing to value one human life over another, PIH stands in solidarity with the destitute, the marginalized and the sick. We pursue a moral mission within a medical context: to provide the best health care to those who need it most. PIH currently has implementation programs in Haiti, Rwanda, Lesotho, Liberia, Malawi, Peru, Mexico, Sierra Leone, Kazakhstan, and Navajo Nation. See www.pihcanada.org.
